Call for Reviewers

The journal is always seeking conscientious reviewers and extends an invitation to agricultural researchers to join the Review Team of the Journal of Agriculture and Natural Resources. We believe the best reviewers are persons who have published themselves. Ideally, we prefer persons who have published at least 6 manuscripts and hold a doctoral degree; however, will consider persons holding less than a doctoral degree, if they have more than 10 publications.

If you want to join as reviewer of this journal, send your cv to ptc.iaas@gmail.com or jibshrestha@gmail.com
